Dear Parents/Carers

Coronavirus (Covid-19)

As you will be aware from the news, from Tuesday 11 January confirmatory PCR tests following a positive lateral flow test are being temporarily suspended by the Government.

This means that anyone who receives a positive lateral flow test result will be required to self isolate immediately and will not be required to take a confirmatory PCR test.

Please also be aware that if your child has one of the symptoms of Covid-19

- new, continuous cough
- high temperature (38°C or above)
- change or loss to sense of smell or taste

then they should isolate and have a PCR test and NOT a lateral flow test.

Please do not send your child into school if they are displaying any symptoms of Coronavirus and have not had a PCR test.

You will be aware from the press coverage that schools are receiving CO₂ monitors for classrooms. We received ours at the end of the Autumn Term. The reports from the monitors show that all of our classrooms fall well within acceptable levels when ventilated. Having reviewed our risk assessment, we aim to add another layer of protection to all classrooms in order to further reduce potential transmission by installing air purification units within the next week. These units will clean the air throughout the day and have filters within them that are designed to remove allergens, dust and viruses from the air.

Wellies, Waterproofs and Winter Clothes Appeal

Our Early Years Unit would love to take any wellies and waterproofs off your hands if your children have outgrown them. Any donations of smaller sized items that would fit Nursery or Reception children would be gratefully accepted. We are in need of;

- wellies
- waterproof coats/trousers
- winter hats/gloves/scarves
- fleeces/microfleece jumpers

Donations can be left at the main office or sent into school with your child in a carrier bag.
